

HUNTER, YALE, IS CHAMPION

BEATS DAVIDSON OF HARVARD ON 39TH GREEN.

Keen Match in Final of Intercollegiate Competition—Crump, Hunter, Yale, Harvard, and Davidson.

Sept. 24. Robert E. Hunter of Yale won the individual championship of the intercollegiate golf association today at the Harvard country club, Manchester, N. H., defeating F. C. Davidson of Harvard by a score of 18 to 17. Hunter was the victor in the final round of the tournament, which was played on the 39th green.

The match was a close one, with Hunter leading by one stroke at the end of the first round. Davidson, who was the favorite, was defeated in the final round by a score of 18 to 17. Hunter's victory was a surprise to many, as he was considered a long shot.

The tournament was held at the Harvard country club, which is one of the best in the country. The course is well maintained and the scenery is beautiful.

Hunter's victory was a great achievement for him, as he was only a beginner in the sport. He has now won the individual championship of the intercollegiate golf association.

Davidson, who was the favorite, was defeated in the final round by a score of 18 to 17. Hunter's victory was a surprise to many, as he was considered a long shot.

Buick

CLOSED CARS

We are just beginning to receive the largest and most complete line of closed cars ever offered by one company.

THE BODIES

Our 1911 closed car bodies are made by the best coach-builders in New England—a firm that has for half a century furnished carriage bodies for New York and Boston's most exclusive trade.

Every detail, from the graceful, attractive lines of the complete car to the luxurious and harmonious upholstery, bevel glass windows, silk curtains, dome light and toilet articles, shows that expense and painstaking care have been used in providing an entirely perfect equipment, according to the latest designs in coach makers' art here and abroad.

THE COMPLETE CAR

We mount these bodies on the famous Buick Model "17" Chassis, that holds the American road record and World's stock car record of 70 miles an hour. These cars excel for town use, on account of the ease and quickness with which they get under way—they have the power required for Fall touring and suburban service. They are quiet, easy riding and practically free from vibration; they use less fuel, get away first at every crossing, can run 50 miles an hour if required, and can take Viaduct Hill from 130th street ferry to Grant's Tomb easily on high gear. They use less fuel and cost less to purchase and less to run than any closed car worthy of the name.

OUR PRICES EXCLUDE ALL COMPETITION

At the list price, \$2,800, or \$3,050 when both closed and touring bodies are furnished, Buick closed cars represent the greatest automobile value ever known. At \$2,500 for a landulet or Limousine (touring body optional) it will control the closed car trade as completely as we do the open car trade.

No closed cars selling for \$3,000 or less, and few if any at \$4,000, \$5,000 or \$6,000, care to make a competitive demonstration for fuel economy, tire wear, speed or hill climbing.

GUARANTEE

Our extensive Branch House organization, with its stock rooms, shops and facilities for trade, backed by over 60,000 Buick owners who will vouch for the reliability, speed and power of their cars, constitutes the greatest guarantee of service offered by the industry.

WE STILL HAVE MODEL "16" TOY TONNEAUS AND MODEL "17" TOURING CARS AT SUBSTANTIAL REDUCTIONS.
